*“Caring for the Environment”*

The Brochure  
2007

*just* green

## THE JUST GREEN 2007 BROCHURE

**Just Green was founded in the year 2000 to provide products that improve and protect our environment. The first major aim was to provide the UK garden industry with a viable alternative to toxic pesticides.**

Just Green now provides the most extensive Natural pest control range available, this is also combined with a comprehensive range of other products designed to help you garden naturally, help wildlife and safeguard the environment. Potentially damaging chemicals are not only found in the garden, they are used in the home and are even applied to our skin. The Just Green 2007 Brochure now offers healthier and safer ways of looking after our homes and bodies in the form of new Natural Homecare and Natural Bodycare products. We also want to help preserve the global environment and have launched our first Green energy products.

Even the production and dispatch of this brochure has been done in a way which minimizes the impact on landfill sites, as we use no polythene wrapping, as most mail order companies do, which takes years to degrade. This is a more expensive way to produce a brochure but we feel the extra investment is very worthwhile. Just Green would also like you to switch more of your orders to online ordering, reducing paper usage and we are offering significant discounts to encourage this.

Thank you for your interest in Just Green and any business you have placed with us in the past. If you can help us further by introducing friends or family to our green approach then we will reward you for this (see the order page). Our aim is to provide you with high quality products, backed up with our fast and efficient delivery service. We look forward to providing you with the best Natural products in 2007.

**Telephone: 01621 785088**

# GREEN HOME

**Domestic pollution can be as damaging to the environment as industrial pollution, with damaging discharges into sewers from domestic premises. Many of the ingredients contained in conventional household cleaners, detergents and soaps are known to have harmful effects on the environment and humankind.**

The range offers natural and practical alternatives to some of the conventional and damaging products used in homes. The products use, where possible, raw materials that are plant derived and are obtained from renewable sources. They do not contain the harmful ingredients that many conventional household cleaners contain such as Chlorine bleaches, Petroleum-derived additives and Phosphates.

It is possible to have effective natural and safe cleaning products that don't cost the earth.

**A** **CONCENTRATED LAUNDRY LIQUID**

A versatile, non-biological, concentrated Laundry liquid for use in automatics, twin tubs and for washing delicate fabrics by hand.

**JG2506** CONCENTRATED LAUNDRY LIQUID 1 litre **£4.00**

H

## G HOUSEHOLD POLISH

A ready to use general purpose Polish for use on all wood, veneer and laminate surfaces.

JG2515	HOUSEHOLD POLISH 750ml	£4.00
JG2515	HOUSEHOLD POLISH REFILL	£3.50

## H NAPPY FRESH

A unique, antibacterial, germicidal sanitizing powder for the safe, effective cleansing of re-usable textile nappies at low, energy efficient temperatures. Available in recyclable boxes.

JG2503	NAPPY FRESH 500g	£4.00
--------	------------------	-------

## DISINFECTANT

A versatile, concentrated general purpose disinfectant using Eucalyptus.

JG2517	DISINFECTANT 5 litres	£8.25
--------	-----------------------	-------

**WARNING:** Many paints are based on petro-chemicals, which can cause allergies, if you want a natural alternative for your decorating - see our Natural and eco-paint range on [page 72](#).

## JUST GREEN CLEANERS

Hygiene plays a vital role in pest and disease free gardens and greenhouses. Cleaning greenhouses, paths and other garden areas after an old growing season and before a new one is sensible gardening practice.

Our cleaning range of seaweed extracts exhibit natural cleaning properties that are more effective at lower concentrations than traditional petro-chemical cleaners. Derived from plant extracts, they are non toxic, ecologically sound and readily biodegradable, making them safe to use near children, pets and wildlife.

## JUST WATER BUTT CLEANER

Restores the natural balance in water; cleansing, deodorising and cleaning waters through stimulation of naturally occurring microorganisms present in rainwater. 1 litre bottle will treat up to 20 water butts.

JG064	JUST WATER BUTT CLEANER 1 litre	£4.99
-------	------------------------------------	-------

## JUST BBQ CLEANER

A seaweed based cleaner for use with all types of hot or cold surface. Non caustic cleaner that emulsifies fats, oils and greases and removes carbon deposits. Formulated to give a streak free, sparkling finish. Contains no waxes, salts or silicones and will not harm or corrode surfaces.

JG136	JUST BBQ CLEANER 500ml RTU TRIGGER SPRAY	£4.99
-------	---	-------

### JUST GLASSHOUSE CLEANER

Appropriate for use with all types of garden building in agriculture and horticulture, polytunnels, pathways, staging, matting surfaces and greenhouse glass. 500ml concentrate yields 250 litres (approx 50 gallons) of cleaning solution.

**JG061** JUST GLASSHOUSE CLEANER  
500ml **£4.99**

### JUST GARDEN FURNITURE CLEANER

An eco-friendly all purpose cleaner suitable for all types of furniture around the home and garden. JUST GARDEN FURNITURE CLEANER is supplied ready to use.

Simply pre-spray affected area, rub and wipe or brush over surfaces and rinse as necessary until clean.

**JG065** JUST GARDEN FURNITURE CLEANER  
500ml RTU TRIGGER SPRAY **£4.99**

### JUST CONCRETE & PATIO CLEANER

Appropriate for use with all types of hard surfaces around the home and garden. 750ml concentrate yields 300 litres (approx 65gallons) of cleaning solution.

- simple to use - just dilute with water
- safe and cleaner for operator
- biodegradable & environmentally safe
- can be used around the home and garden all year round
- non caustic, non toxic, non acidic.

**JG066** JUST CONCRETE & PATIO CLEANER 750ml **£4.99**

### JUST GREEN CLEANING COMBINATION PACK

**Great saving!** A combo pack: three from any of our five cleaners detailed above, for **£12.99**. Simply state "CLEANER COMBO PACK" on your order form and specify what products you want. We will do the rest.

### JUST SEPTIC TANK MAINTENANCE

Our easy to use bacterial catalyst offers a proven method of maintaining your private drainage system.

This liquid concentrate with regular use will provide odour control, improved sludge digestion and water quality of final effluent. Our usage rates are based upon an average water usage of a family of four. Numbers above this will command greater use of the product.

JUST SEPTIC TANK MAINTENANCE

<b>JG063</b>	1 litre (3 MONTHS SUPPLY)	<b>£14.99</b>
<b>JG093</b>	2 litre (6 MONTHS SUPPLY)	<b>£27.99</b>
<b>JG081</b>	4 litre (1 YEAR SUPPLY)	<b>£49.99</b>

## JUST NATURAL PAINTS

Most modern paints are petrochemical based, which produce toxic waste. Once applied they can release dangerous and volatile organic compounds that can be seriously damaging to our health.

Just Green have sourced a range of natural paints and laquers from a natural paint producer. They are produced using historical paint production methods based on traditional formulations that have been further developed to minimize any impact on the environment, to have no adverse impact on our health and allow buildings to breathe more easily.

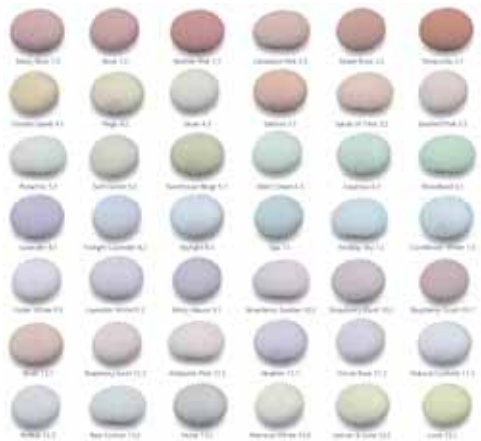

- The paints are formulated from plant extracts and are so natural that any left over paint can be put on the compost heap!
- The paints are non-carcinogenic and do not encourage allergic reactions, as they contain no synthetic chemicals and attract little dust build up.
- The paints allow walls to breathe, which helps control moisture levels and damp, reducing blistering and flaking of the paint.
- These natural paints use only plant and minerals from natural sources. The full ingredients list is readily available to prove that this is a genuine natural range of paints.
- The natural paints compete very well in performance against chemically blended formulations but prove that paints can be made in ways more agreeable to the environment and the health of people and animals.

Colour and protect your environment with these inspiring natural paints!

Go to [www.just-green.com](http://www.just-green.com) to view the complete range including undercoat, primer and preparation products, & wood and corrosion protection paints.

Examples of our best selling range include:

## COASTAL COLOUR RANGE

The Coastal range of colours are created from eight full colour tones. They are general purpose indoor wall paints for all coatable surfaces. Exclusively made from natural raw materials.

## JUST WEATHER PROTECTION LACQUERS

Protect wood outdoors with these Natural Lacquers. Based on plant oils for protecting wood from all types of weather. Exclusively made from natural raw materials.

## JUST NATURAL WHITE INTERIOR PAINTS

Made from natural raw materials, they are recommended from a biological and ecological building point of view for creating an agreeable room climate and are especially suitable for coarse grained wall papers, lime and gypsum plasters, light weight buildings and recoatable old coatings.

## JUST RADIATOR PAINT

This radiator paint is made from natural raw materials. It is virtually non-yellowing natural resin paint for heated metal surfaces indoors.
