“Caring for the Environment”

The Brochure
2007

just green

THE JUST GREEN 2007 BROCHURE

Just Green was founded in the year 2000 to provide products that improve and protect our environment. The first major aim was to provide the UK garden industry with a viable alternative to toxic pesticides.

Just Green now provides the most extensive Natural pest control range available, this is also combined with a comprehensive range of other products designed to help you garden naturally, help wildlife and safeguard the environment. Potentially damaging chemicals are not only found in the garden, they are used in the home and are even applied to our skin. The Just Green 2007 Brochure now offers healthier and safer ways of looking after our homes and bodies in the form of new Natural Homecare and Natural Bodycare products. We also want to help preserve the global environment and have launched our first Green energy products.

Even the production and dispatch of this brochure has been done in a way which minimizes the impact on landfill sites, as we use no polythene wrapping, as most mail order companies do, which takes years to degrade. This is a more expensive way to produce a brochure but we feel the extra investment is very worthwhile. Just Green would also like you to switch more of your orders to online ordering, reducing paper usage and we are offering significant discounts to encourage this.

Thank you for your interest in Just Green and any business you have placed with us in the past. If you can help us further by introducing friends or family to our green approach then we will reward you for this (see the order page). Our aim is to provide you with high quality products, backed up with our fast and efficient delivery service. We look forward to providing you with the best Natural products in 2007.

NATURAL GARDENING

This newly created section in the Just Green catalogue brings together the essential gardening products that are needed to create and maintain a natural garden.

- Gardening tools
- Watering systems
- Water Butts
- Composters
- Wormeries and Composting worms
- Frost protection
- Coir pots & containers
- Friendly fungi for improving root growth
- Seaweed feed
- Foldable Wheelbarrow

Natural Gardening

The Just Green range of Garden tools incorporates three quality British manufacturers.

• Burgon & Ball Tools • Duchy Original Garden Tools • Stockton Heath Forge Tools

BURGON & BALL TOOLS

Manufacturing began in 1730 in the industrial heartland of Sheffield, and the current product range is the result of highly developed metalworking skills that have been handed down through the generations to produce a skilled workforce amongst the best in the world.

Qualities in garden tools such as ensuring edge tools cut months and years down the line, not just when it's first purchased, place Burgon & Ball tools at the leading edge of garden tool & accessory innovation and design.

JUST STAINLESS DANDELION WEEDER

Traditional and effective, chemical free method of removing tap rooted weeds such as dandelions. Sharp point penetrates ground easily whilst the V allows roots to be cut off deep underground so they will not re-grow.

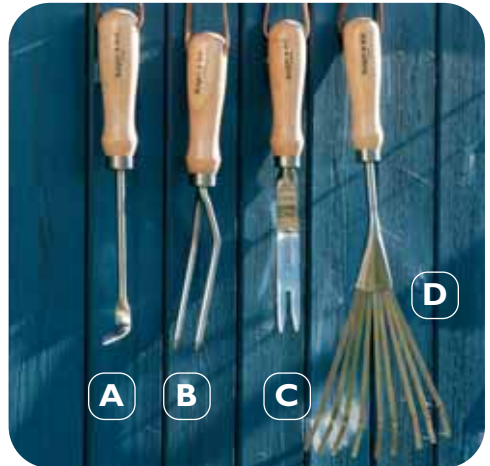

JG8000 JUST STAINLESS DANDELION WEEDER **£9.00**

JUST BLOCK PAVING KNIFE

Brilliant slimline tool to remove weeds, moss & other debris from the fine gaps between block paving and other nooks and crannies. With sharpened 90° angle and fine hook.

JG8020 JUST BLOCK PAVING KNIFE **£10.00**

A JUST STAINLESS WEEDING FINGER

The solution to weeds in bigger nooks & crannies than the block paving knife can deal with. A veritable lethal weapon against weeds - pick them out wherever you are without getting your fingers dirty!

JG8005 JUST STAINLESS WEEDING FINGER **£9.00**

B JUST STAINLESS WEEDING FORK

Old fashioned and very effective weeder - especially in rockeries.

JG8010 JUST STAINLESS WEEDING FORK **£9.00**

C JUST STAINLESS DAISY GRUBBER

Another traditional and effective tool designed specifically to deal with short rooted weeds such as daisies in a chemical free way.

JG8015 JUST STAINLESS DAISY GRUBBER **£9.00**

D JUST STAINLESS SHRUB RAKE

Removes the leaves & debris from places a big rake can't get, so snails don't have a place to hide. The flat tines gather, rather than stab, the leaves.

JG8056 JUST STAINLESS SHRUB RAKE **£10.00**

JUST STAINLESS CLAW CULTIVATOR

Effectively breaks up and aerates the soil.

JG8025 JUST STAINLESS CLAW CULTIVATOR **£9.00**

JUST STAINLESS HAND HOE

Extremely versatile weeding tool & hoe.

JG8030 JUST STAINLESS HAND HOE **£9.00**

JUST STAINLESS ANGLED WEEDING KNIFE

Unbelievably tough tool to root out weeds wherever they grow. Use notch in blade tip to prise up tap roots. Use barbed tip to dig weeds out of cracks. Grab entire roots with the blade barbs by "sawing" beneath the weeds. Heavy gauge stainless steel blade with birch handle.

JG8035 JUST STAINLESS ANGLED WEEDING KNIFE **£17.00**

JUST DUCK FOOT DIGGER

Developed from the internationally used "digging hoe" as used by around 90% of the world in preference to a spade. This tool harnesses the powers of gravity and common sense - breaking

Natural Gardening

the soil with a point has got to be easier than with a flat edge. Planting holes & furrows are dug by scooping or drawing soil towards you from an upright position rather than lifting soil out of the ground from a bending position. The pointed tip is also invaluable for picking away the soil from around the roots of a large bush, or tree, for transplanting/ removing.

JG8040 JUST DUCK FOOT DIGGER **£30.00**

JUST WINGED WEEDERS

A complete wonder weeder that takes half the time of a conventional hoe, but more importantly virtually eliminates backache. Unique four bladed head shuffles nimbly under the surface of the soil - chopping weeds off in their prime. Forged shaft set at perfect angle to allow you to work standing upright, with no bending or stooping. Hardened & tempered, high carbon, spring steel head for lasting sharpness.

A JUST GARDEN WINGED WEEDER

Compact 11cm head is perfect for work in closely planted areas - 130cm handle.

JG8050 JUST GARDEN WINGED WEEDER **£30.00**

B JUST PROFESSIONAL WINGED WEEDER

Large 22cm head gets through big jobs in less time with less effort - 130cm handle.

JG8055 JUST PROFESSIONAL WINGED WEEDER **£30.00**

CIRCLE HOES

Tender stemmed plants around the world are rejoicing at the development of this tool! With its cutting blade on the inside of the circle it is impossible to cause damage to surrounding plants by accidentally slicing into them. You can weed right up to the base of the plant without damaging the roots by pulling the hoe towards you and away from the plant - the dull backside of the hoe cannot damage plants and the blade is cutting away from the base of the plant.

JUST STANDARD CIRCLE HOE

Long handled tool for weeding from a standing position. Blade diameter 7.5cm, overall length 150cm.

JG8065 JUST STANDARD CIRCLE HOE **£30.00**

JUST HAND CIRCLE HOE

Sturdy short handled version for hand weeding/ hoeing.

Blade diameter 6.5cm overall length 38cm.

JG8066 JUST HAND CIRCLE HOE **£15.00**

JUST MINI CIRCLE HOE

Ideal for weeding around seedlings, herb gardens and containers.

Blade diameter 5cm, overall length 28cm.

JG8067 JUST MINI CIRCLE HOE **£10.00**

PRUNING KNIFES

CLASSIC PRUNING KNIFE

Traditional shaped pruning blade with pronounced hook to ensure each cut is completed in one pass. Chunky handle suits larger hands. 9cm blade folds into 10cm handle.

JG1620 CLASSIC PRUNING KNIFE £25.00

CLASSIC POCKET KNIFE

General purpose knife with a straight blade. Chunky handle suits larger hands. 9cm blade folds into 10cm handle.

JG1621 CLASSIC POCKET KNIFE £25.00

LADIES PRUNING KNIFE

Pruning shaped blade with less pronounced curve than the classic model, with shorter handle for smaller hands. 6cm blade folds into 9cm handle.

JG1622 LADIES PRUNING KNIFE £23.00

SECATEURS & PRUNERS

A range of high quality secateurs & versatile pruners.

BYPASS SECATEUR

Bypass Action - where the blade bypasses the cutting block or anvil. This action produces the

cleanest and healthiest cut and is recommended for all pruning of live stems up to 2.5cm diameter. Fully hardened & tempered, high carbon steel blade for lasting sharpness. Sap groove in the cutting block prevents blade sticking.

- wire cutting notch at base of blade.
- robust alloy handles, covered in a comfortable, bright terracotta grip for maximum visibility in the garden.
- rubber cushion stops prevent jarring
- blade is replaceable.

Suits medium to large hands.

JG1626 BYPASS SECATEUR £15.00

POCKET PRUNER WITH "JUST GREEN" HANDLES

Weighing less than 150g and using the bypass cutting method, this pint sized pruner packs full sized performance into just 17cm.

JG1627 POCKET PRUNER WITH "JUST GREEN" HANDLES £13.00

ROTATING HANDLE BYPASS SECATEUR

Lower handle of the secateur gently rotates, following the curve of the fingers as the handles are closed together, to reduce hand & wrist strain in use. JUST GREEN coloured handles.

JG1628 ROTATING HANDLE BYPASS SECATEUR **£18.00**

CUT & HOLD PRUNER

Amazing & ingenious bypass action cutter for thorny stemmed or skin irritant plants - from roses and brambles to Rue/Ruta. The action of squeezing the blades together to complete the cut causes a gripping device to lock onto the stem, holding it firmly in place for release without ever having to touch it.

JG1629 CUT & HOLD PRUNER **£15.00**

OTHER CUTTING TOOLS

FOLDING PRUNING SAW

Gives you the cutting power of a bow saw - in your pocket! Ideal for tree pruning amongst dense growth - easier to handle and much more manoeuvrable than a large saw.

- patented tooth design, with three cutting faces per tooth, gives incredible cutting performance.
- designed to work primarily on the pull stroke -

- for overhead sawing with less effort.
- fully hardened & tempered high carbon steel blade for lasting sharpness.
- comfortable non slip grip with bright terracotta trim for high visibility in the garden.
- secure blade lock.
- 15cm blade.

JG1630 FOLDING PRUNING SAW **£18.00**

STAINLESS HAND TOOLS

This good looking, hard working and extensive range of stainless steel hand tools gives the gardener innovative and traditional solutions to a huge variety of gardening tasks. Sustainably grown hardwood handle - stainless steel body - rust resistance & easy movement through soil - stainless steel ferrule for lasting joint - long angled tang (neck) for ergonomic working.

STAINLESS HAND TROWEL

Wide deep dish for maximum load. Width 7cm, overall length 30cm.

JG1637 STAINLESS HAND TROWEL **£10.00**

STAINLESS HAND FORK

Hardened and tempered prongs to withstand tough cultivating. Overall length 29cm.

JG1638 STAINLESS HAND FORK **£10.00**

STAINLESS TRANSPLANTER

Narrow body for precise digging with depth marks on the face - helpful for bulb planting etc. Width 6cm, overall length 29cm.

JG1639 STAINLESS TRANSPLANTER £10.00

STAINLESS WIDGER

A cross between a trowel and a dibber; this unique little tool will help in levering plants out of pots as well as planting seeds and seedlings. Max width 3cm, overall length 33cm.

JG1641 STAINLESS WIDGER £10.00

OTHER HAND TOOLS & POTTING

STAINLESS STEEL DIBBER

Stylish and tactile dibber for planting seeds, seedlings and bulbs. Ergonomically designed, the sharp dibber glides effortlessly into all soils. Stainless steel for rust resistance with hardwood handle for comfort and durability. Overall length 27cm, weight 290g.

JG1642 STAINLESS STEEL DIBBER £15.00

LABELS & HERB CARE

Who can remember the name of every plant in their garden? Plant labels are essential in almost every gardeners tool kit. However the widely available white plastic labels can strike a jarring note in a natural garden.

WOODEN PEG LABELS

Traditional wooden labels in pretty colours. 6 labels per pack available in green, blue/brown and pink. Label size 15.5cm x 1.5cm.

JG1647 PINK £4.00
JG1648 GREEN £4.00
JG1649 BLUE/BROWN £4.00

HERB DRYER

Harvest herbs in the summer for use throughout the winter – also ideal for drying flowers. Hand forged steel, powder coated black and supplied with 6 hanging hooks. Diameter approx. 25cm. Can be hung from a bracket or hook.

JG1653 HERB DRYER £10.00

HERB DRYER BRACKET

Elegant hand forged steel bracket, powder coated in black. Supports herb dryer by suspending it by one of the hanging hooks supplied. Also can be used to support hanging baskets up to 60cm in diameter.

JG1654 HERB DRYER BRACKET £10.00

MINI HERB SHEAR

Miniature version of the famous Burgon & Ball single handed topiary and trimming shears. Perfect for herb harvesting and other snipping jobs around the garden - with huge cute appeal!

- fully hardened & tempered high carbon steel blades.
- racing green enamelled handles.
- 8.5cm blades, overall length 16cm.

JG1655 MINI HERB SHEAR

£10.00

DUCHY

DUCHY ORIGINALS GARDEN TOOLS

Duchy Originals garden tools are crafted using Victorian designs. They are made using straight grained Ash sourced from forests certified by the Forestry Stewardship Council to guarantee the highest quality of wood from sustainable sources. The handles are hand barrel waxed to give the wood a natural and environmentally friendly protection against the elements. The heads are manufactured from stainless steel and hand polished to perfection.

CULTIVATING TOOLS

DUCHY ORIGINAL EDGING IRON

The more traditional round shaped blade has a point in the middle of the half moon making it easier to use when presented to the ground.

Ash Boxed D Handle,
size 920mm x 220mm x 38mm

JG8211 DUCHY ORIGINAL
EDGING IRON

£35.00

DUCHY ORIGINAL DUTCH HOE

The hoe has a unique tapered body making it easier to weed between seedlings, reducing the chances of slicing a young stem.

Ash Victorian Swelled handle,
size 1675mm x 125mm x 38mm

JG8214 DUCHY ORIGINAL
DUTCH HOE

£34.00

DUCHY ORIGINAL GARDEN RAKE

The rake features 12 teeth which have sharpened teeth. Ash Victorian Swelled handle, size 1535mm x 300mm x 90mm.

JG8212 DUCHY ORIGINAL GARDEN RAKE

£34.00

DUCHY ORIGINAL LAWN RAKE

The rake features 20 tines which are made from spring steel. Ash Victorian Swelled handle, size 1490mm x 460mm x 60mm.

JG8213 DUCHY ORIGINAL LAWN RAKE

£34.00

DIGGING TOOLS

Each of the Duchy Collection Digging tools have a uniquely shaped box D handle which has been crafted from original drawings dating back to the 1890s. Forged from one piece of stainless steel the solid socket digging tools have a 12" extra long socket. This unique feature makes the product strong helping to minimise handle breakages. The stainless steel tines and blades on each of the tools are honed by craftsmen and hardened for extra strength. They are hand polished to a mirror finish to assist with the long term care of the tools, easing cleaning and helping prevent rust.

DUCHY ORIGINAL DIGGING SPADE

28" Ash Shaft box D handle, size 1035mm x 180mm x 38mm.

JG8207 DIGGING SPADE

£65.00

DUCHY ORIGINAL DIGGING FORK

28" Ash Shaft box D handle, size: 1015mm x 170mm x 38mm.

JUST WEED WIZARD

Kill garden weeds instantly without stooping with the amazing **JUST WEED WIZARD**. Easy eco-friendly weeding, no chemicals, just a touch of the weed wizard applies a high temperature flame which instantly destroys the weeds internal cell structure causing them to wither and die within a day or two.

The Wizard eliminates the need for toxic or hazardous chemicals leaving the garden completely safe for children and animals immediately after use. Gas supply is turned on by means of a control knob, and ignites at the end of the Weed Wizard when the piezo electric button is pressed.

Ideal for driveways, patios, walls, and rockeries. Runs on easy to obtain butane gas cylinders (not supplied). Measures approx. 66cms.

JG8247 CESHIRE DUTCH HOE **£19.00**

NATURAL POTS & FEED

JUST SEAWEED FEED

Natural soil conditioner which increases the availability of nutrients in the soil into a form that can be more easily utilised by the plants. This will lead to an increase in nutrient uptake, stronger root systems and overall improvement in plant health, adding vigour and vitality. Can be applied as a foliar spray by using a hose end applicator or by watering can to the soil.

50ml makes 10 litres, (2 gallons) of solution.

JG085 500ml
Yields 100L (20 Gallons) **£4.99**

JG143 1 LITRE
Yields 200L (40 Gallons) **£9.00**

JG246 5 LITRES
Yields 1000L (200 Gallons) **£35.00**

NATURAL FLOWER POTS & CONTAINERS

Plastic pots can look ugly and are not very environmentally friendly. An alternative for a more natural approach is Coir pots. They are biodegradable and are made from coir and latex moulded together for lasting strength.

The coir is taken from organically grown Coconut trees and the Fertile Fibre range offered by Just Green is certified by the Soil association.

- Biodegradable in the ground in 3 months, so need no need to remove plants from the pot
- Decorative and last around 9 months when plants are directly planted into them
- Can also be used to hide ugly plastic pots and will last even longer used like that.

Rimmed Pots 8cm

JG490 Unit of 20 **£5.00**

JG491 Unit of 50 **£8.50**

Square pots S2 (9x9x9cm)

JG498 Unit of 20 **£14.00**

JG499 Unit of 50 **£30.00**

WATERING CANS

The need for effective use of watering and water storage in the garden has never been so important. Drought years and changing weather patterns make it crucial that we use our water resources sensibly.

Manufactured by skilled craftsmen using traditional techniques, the watering cans are then galvanised. In this process the watering cans are hand dipped in molten zinc alloy, which gives the product a zinc coating inside and out resulting in the product being rust free in excess of 25 years.

The small oval opening reduces spillages and is more environmentally friendly to inquisitive wildlife. The watering cans come with an added feature of a spare rose in addition to the one fitted. Suitable for indoor and outdoor use.

A DUCHY OF ORIGINAL WATERING CAN

1 gallon & spare rose:

JG8218 DUCHY OF ORIGINAL WATERING CAN **£46.00**

B DUCHY OF ORIGINAL WATERING CAN

2 gallon & spare rose:

JG8219 DUCHY OF ORIGINAL WATERING CAN **£49.00**

FUNGI

Plants and fungi that become linked by this mutually co-operative relationship are called Mycorrhizae. They help plants by increasing nutrient and moisture uptake, improving plant growth, aiding resistance to soil born diseases, increasing the number of flowers and amount of fruit produced. There are various types of these fungi and JUST GREEN use the ones that most benefit different plant groupings.

JUST FRIENDLY FUNGI (TREE & SHRUB)

The best time to plant trees and shrubs is in the autumn. Applying **JUST FRIENDLY FUNGI (TREE AND SHRUB)** will help healthy root growth and establishment.

The fungi also help trees and shrubs survive better in urban areas, when the soil is dry and the roots are often disturbed and where there is competition for space. The fungi help the roots take in more moisture and cope better with disturbance.

JUST FRIENDLY FUNGI (TREE AND SHRUB)

- Arbuscular Mycorrhizal - benefits most ornamental plants.
- Ectomycorrhizal fungi - benefits conifers and hardwoods.

When planting trees add 20g to the planting hole. One pack provides enough fungi for 10 trees. For shrubs add 10g per plant when planting. One pack provides enough fungi for

up to 25 shrubs and will store for up to two years.

JG4000 JUST FRIENDLY FUNGI
(Tree & Shrub)

£14.99

JUST FRIENDLY FUNGI (TURF & GRASS)

Turf grass growth is significantly boosted with the addition of mycorrhizal fungi. The fungi will also help the recovery of turf under stress, provide denser turf, resist diseases and help nutrient uptake. For new or newly seeded grass, apply the product and rake into the top 5-8cm. When using with established turf, apply as a top dressing and wash in. Apply at 20g per square metre.

JG4010 250g PACK
(Treats 12.5 sq.m)

£9.99

JUST FRIENDLY FUNGI (MULTIPURPOSE)

A general purpose friendly fungi product which enhances plant growth and increases nutrient uptake in a wide variety of flowering plants, perennial plants, fruit and vegetable plants. The product also helps increase the number of flowers, resistance to root diseases and improve yields from fruiting plants.

One scoop or 10g will treat 1 litre of growing media. The fungi can also be used with seedlings, plugs and rooting stock. One 250g pack is enough to treat 25 litres of compost. One scoop or 10g per litre of growing media.

JG4020 250g PACK

£9.99

IRRIGATION & WATERING SYSTEMS

The Iriso drip feed irrigation system uses a unique internal float to regulate the flow of water used for irrigation. It can be used with any water container, from an old plastic bottle to a water butt and works reliably without electricity or a mains water supply. The system has 11 adjustable flow rates and gives the exact amount of water each plant needs to optimise growth; from 150ml and up to 1.5 litre per day. Plants are never over or under watered. It waters the root zone, so you won't waste water on neighbouring weeds. Leaves also stay dry, which helps reduce disease.

- Ideal for holidays as it will water plants while you are away.
- Any type of container or bottle can be fitted.
- Easy to install.
- System irrigates 24 hours a day.
- Plants get 95% of the water released, no evaporation.
- Irrigates drop by drop, so water lasts longer and is not wasted.
- Ideal for areas suffering hose pipe bans.

IRISO 3 DRIPPERS FOR 5 LITRE BOTTLE

- Uses any 5 litre bottle.
- Waters up to three plants from one bottle.
- Maximum watering: 60 to 120 days.
- 3 drippers and adaptor.

JG677 IRISO 3 DRIPPERS

£9.50

IRISO GARDEN WATERING KIT (up to 12 plants)

Ideal for small shrubs, citrus, fruit trees, rose trees or any bed with plants grouped together. Maximum watering 60 days. 12 dripper kit plus connecting pipes.

JG674 IRISO GARDEN WATERING KIT

£30.00

A IRISO INDIVIDUAL DRIPPER

1 water spike & dripper.

JG676 IRISO INDIVIDUAL DRIPPER **£5.00**

B IRISO 4 DRIPPER PACK

Buy a pack of drippers for multiple use and discount.

JG673 IRISO 4 DRIPPER PACK **£18.00**

IRISO WINDOW BOX KIT

Ideal for window boxes. Expandable for patio & conservatory uses by adding individual drippers. Maximum watering 21 days.

JG675 IRISO WINDOW BOX KIT **£8.75**

JG670 RAINSAVER 200 litre WATER BUTT WITH STAND **£55.00**

JG671 RAINSAVER WATER BUTT WITH STAND & CONNECTOR KIT **£55.00**

JG672 INDIVIDUAL STAND **£12.00**

JG673 DOWN PIPE CONNECTORS **£10.00**

PRESTIGE WALL MOUNTED WATER BUTT

This is a space saving, attractive design. It mounts over your downpipe with a built in rain diverter.

The design does not let it overflow with excess water going back down the pipe. Tap can be fitted on either side. Supplied with brackets and fixing kit. Three year guarantee. Totally child safe and pet proof.

Capacity: 100 litres
122cm x 46cm x 23cm
No stand required

JG694 PRESTIGE WALL MOUNTED WATER BUTT **£100.00**

TUNNELS

EASY POLY TUNNEL

Easy tunnels are manufactured from tough UV stabilised 150 micron polyethylene.

- provide a complete barrier; retaining warmth and humidity for plants
- protects against frost, harsh weather, animals and pests
- warms soil ready for early planting
- ideal for winter and early spring.

H: 30cm x W: 45cm x L: 300cm

JG406 1 x EASY POLY TUNNEL **£20.00**

EASY FLEECE TUNNEL

Easy Fleece tunnels are manufactured from high grade 30gsm polypropylene fleece.

- creates warmth and insulation whilst allowing air, moisture and sunlight to filter through
- protects against frost, harsh weather, animals and pests
- shields against strong sun
- ideal for autumn and spring.

H: 30cm x W: 45cm x L: 300cm

JG421 1 x EASY FLEECE TUNNEL **£20.00**

EASY NET TUNNEL

Net tunnels are manufactured from high density polyethylene 5mm mesh netting.

- provides shading from strong sunlight
- protects from harsh weather
- protects from insects, birds and animals
- conserves moisture
- ideal for late spring, summer and early autumn.

H: 30cm x W: 45cm x L: 300cm

JG410 1 x EASY NET TUNNEL **£20.00**

FOR LARGER TUNNELS PLEASE SEE THE RANGE ON www.just-green.com

FLEECE FROST PROTECTION JACKETS

Manufactured from soft-green, high quality 30gsm polypropylene fleece.

- provides instant protection against frost and harsh weather
- allows light and moisture to filter through maintaining healthy growth
- integral drawstring makes it simple and easy to use
- can be used to aid establishment of predators and parasitic wasps on plants outside

A

A SMALL FLEECE JACKET

- ideal for small containers.
H: 35cm x W: 22cm Pack Size: 4

JG411 SMALL FLEECE JACKET £8.00

B

B MEDIUM FLEECE JACKET

- ideal for hanging baskets and containers.
H: 80cm x W: 60cm Pack Size: 3

JG412 SMALL FLEECE JACKET £8.00

LARGE FLEECE JACKET

- ideal for over wintering large container plants.
H: 100cm x W: 80cm Pack Size: 2

JG413 SMALL FLEECE JACKET £8.00

COMPOSTERS

Organic waste left lying around will decompose, but its appearance is often unsightly and smelly. By collecting this waste in one area and using composters you are not only improving the appearance of waste in the garden but putting it to very good use.

All of our wooden compost bins are made from FSC approved timber plantations.

JUST BEEHIVE COMPOSTERS

Our new beehive composter is an attractive storage composter made from FSC approved timber in our U.K. workshops. Locate the composter in your vegetable patch or flower garden and store your waste conveniently and close to where you

will use it. Constructed with pre-assembled layers, the composter can be built up as it fills and taken apart layer by layer if you want to use a whole batch of compost at once. The composter is made from sustainable rough sawn timber and is available in natural or painted colours to order. It comes complete with hinged lid and removable bottom board to harvest the compost.

Size: 68 x 65 x 96cm Capacity approx. 325litres
Colours available: Beaumont Blue, Copper Beach, Country Cream, Iris, Lavender, Sage, Somerset, Sunflower, Topiary & White.

JUST BEEHIVE COMPOSTERS

JG270	NATURAL	£130.00
JG271	PAINTED	£150.00

RECYCLED PLASTIC COMPOSTERS

Made from 100% recycled plastic. Available in a variety of sizes. These composters will rapidly convert large quantities of organic waste into quality compost. The size and colour of this range optimizes the essential heat generating stage of successful composting.

ROTO 300

310 litre capacity. Complete with large 310 litre capacity. Complete with full simple and informative instructions and composting tips, the unit comes with a secure fitting lid.

JG474 ROTO 300

£36.00

ROTO 220

220 litre capacity with a diameter of 29 inches (76cm) it fits neatly into a small space, yet can rapidly convert large quantities of organic waste into quality compost. Ideal for a smaller garden.

JG475 ROTO 220

£32.00

JUST COMPOST ACCELERATOR

Promote compost degradation by accelerating the rotting process with our all natural bio catalyst. By stimulating micro-organisms already in the compost, to digest organic compounds faster; the composting process will also be enhanced.

Benefits include:

- stable waste
- nutrients available in form easily taken up by plants
- odour control of waste.

This easy to use, biodegradable liquid concentrate is simply diluted with water prior to application. Ideal for use with all types of compost. Due to the nature of biological cycles, it is important to consider that full optimization will not occur instantaneously. Dosing bottle 500ml will treat up to 5 cubic metres of compost.

JG062 JUST COMPOST ACCELERATOR

£5.00

WORMERIES & COMPOSTING WORMS

Wormeries use composting worms to convert kitchen and other waste quickly into rich compost. The compost and feed, once diluted, is suitable for applying to plants and seedlings. JUST GREEN supplies the most efficient and ecologically sound wormeries on the market.

JUST CAN-O-WORMS

The can-o-worms kit has been designed from the ground up as a superior wormery. Its innovative, layered structure lets you see at a glance how the worms are doing and makes it easy to harvest the compost by simply rotating the trays. The worms are able to travel up and down the wormery through the perforated holes in the bottom of each tray. This also allows a liquid feed to collect in the sump at the bottom of the wormery. Made from recycled plastic the kit contains everything you need for a successful wormery and composting operation.

Contains:

- can-o-worms housing
- bedding block
- 1000 native composting worms
- 6 litres lime mix
- 6 litres worm treat
- 1 moisture mat
- Instruction booklet

Composter dimensions:
50cm diameter x 73cm high

JG026 JUST CAN-O-WORMS COMPLETE WITH LIVE COMPOSTING WORMS **£90.00**

JG026V JUST CAN-O-WORMS GIFT KIT (FULL KIT WITH VOUCHER FOR WORMS TO BE SENT LATER) **£95.00**

THE ORIGINAL WORMERY

This wormery is ideal for 2 or more people and has a capacity of 100 litres. It is an easy efficient system for converting kitchen food waste into liquid feed and rich organic compost through the natural action of worms.

The wormery is divided into a number of chambers. In one of these live the composting worms. All you do is drop your daily kitchen waste into the bin and forget it. The worms feed on the food waste and convert it into concentrated liquid feed and bio-rich organic compost.

JG480 THE ORIGINAL WORMERY **£60.00**

THE JUNIOR WORMERY

This Wormery has a smaller capacity and is ideal for children to learn about Worm composting or to provide enough Worm composting capacity for one person.

JG481 THE JUNIOR WORMERY **£40.00**

WORMS

The use of composting worms is often known as vermi composting, which is an environmentally friendly and sustainable method of dealing with organic waste using worms.

JUST COMPOSTING WORMS

Composting worms are worms that do not live directly in the soil, but rather live in organic matter. The quickest way to compost is by using worms. They eat waste and leave behind worm casts, which makes top quality compost..

Worms eat up to half their own body weight in waste every day, reducing the volume and smell of the decaying organic matter. The more worms there are in your compost, the faster they will convert waste to rich compost. Worms regulate their numbers to suit the conditions they find themselves in.

Research shows that a mix of composting worms is the most effective way to use composting worms. Some prefer warm conditions, some wet and some manures. Our mix takes all these factors into consideration.

Our standard recommendation is 1kg of worms to every cubic metre of compost. Worms packs are sold by weight, but approximate worm numbers are given for each pack.

JG027	SMALL PACK 250g (500-750 WORMS)	£15.00
JG028	MEDIUM PACK 500g (1000-1500) WORMS	£27.00
JG028A	LARGE PACK 1kg (2000-3000 WORMS)	£42.00

JUST COMPOSTING WORMS & BEDDING

Just worm and bedding kits are a mix of bedding material and worms ideal for adding to existing wormeries or compost bins, heaps or composters. A great accompaniment to standard compost heaps.

These kits ensure that the worms arriving in this material will start "composting" the waste material as soon as they arrive with no need to prepare special bedding. The bedding is taken from the worm breeding boxes and already has a thriving population of bacteria, fungi and microbes, all in a balanced form that the worms need.

The worms settle back into this media and kitchen and other waste can be added with the process of decomposition starting straight away.

JG471	SMALL PACK 250g WORMS & 10L OF BEDDING	£30.00
JG472	MEDIUM PACK 375g WORMS & 20L OF BEDDING	£36.99 £37.00
JG473	LARGE PACK 500g WORMS & 30L OF BEDDING	£44.00
JG478	EXTRA LARGE PACK 1kg WORMS & 60L OF BEDDING	£74.00

GARDEN TIDY UP

Keeping gardens tidy and clean is an important part of gardening. Good hygiene is essential to prevent pest and diseases. It also an area where the use of toxic cleaning chemicals can now be eliminated with more natural alternatives.

For Rakes please see our tools section and visit www.just-green.com for our Axe and Saw range.

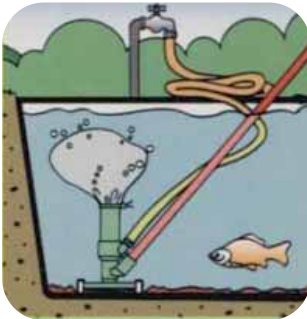

FOLDING WHEELBARROW

This easy to transport folding wheelbarrow is ingenious, it can lie flat on your lawn allowing leaves and rubbish to be swept into it. This avoids bending and stooping.

Once full, simply pick up the handles and roll along like a traditional wheelbarrow. The tear proof durable fabric holds up under a load of firewood and the soft sided design stabilizes the load. It also folds down for easy storage.

JG8071 FOLDING WHEELBARROW £29.00

PONDVAC

Keep your pond crystal clear with Pondvac. Removes dirt and debris from your pond in minutes. This clever British invention attaches to your garden hose and the water pressure creates a venturi effect which sucks up any dirt and debris. This collects in a re-useable muslin bag, allowing clean water to pass through. The pond debris makes useful fertilizer. The special brush attachment has special rollers which glide over the pond bottom, gently removing the dirt whilst protecting pondlife and fish.

- Removes dirt and debris in minutes
- Attaches to garden hose
- Harmless to fish and pond life
- Telescopic lightweight aluminium gives a reach of up to 3 feet

JG8072 PONDVAC

£30.00
